Hello all -

As mentioned in previous emails, if not stopped quickly, an encampment can grow. When homeless find a safe haven (safe for themselves), they will congregate. The Franklin-Argyle-101 underpass has gone from zero to 1 to 2 to now 3 tents with garbage and seedy looking characters that I would not feel safe passing. (Similar to Gower-101 underpass). These people are survivors and survivors are desperate. You don't have to believe me. While waiting for my food at Thai Pepper, I saw a homeless man cursing at street cars and then dumping a trash can all over in front of the Mobil. I have it on video so I can support this. I included a still photo below (I was taping something at the time).

Seeing tents increase, other homeless will find their way here, just like the dozens now living under the Alvarado - 101 overpass. When I say dozens, they line each side and you cannot walk there. Is this how we want our area to grow?

Compassion? Yes, I have compassion but I also have safety concerns. Many of these people are mentally unstable and being desperate they need to steal. These people choose not to live in homeless shelters. They want independence. Honestly, I don't want this kind of unsafe independence in any proximity of my home.

Please, clean up our area. We are tax paying citizens and deserve safety and cleanliness in our neighborhoods. I have also included a photo of 81 neighbors thanking my comment to show the support for this in the neighborhood.

Thank you for attending to this.

If I can help please let me know. But as in the past, I'm confident your departments can clean this up as they did

the Franklin-Vine Hill.

Best Regards,

Todd Regenbogen

Homeless under Argyle Underpass

Todd Regnbogen from Hollywood Dell

17 Dec

Hi All -

I saw a couple of homeless people camping out under the Argyle - 101 overpass. Before this turns into one of those overpopulated, immovable campsites, I'd like to again contact the officials I contacted previously that removed the people under the Franklin - 101 overpass.

Please support this with by clicking 'Thank' so I can show the neighborhood support for the cleanup underneath the Argyle 101 overpass to the officials when I contact them.

Thanks - Todd
